About JSJ

JSJ Corporation, based in Grand Haven, Michigan, is a privately held corporation that designs, develops and markets durable goods and services throughout the world. www.jsjcorp.com

The company started as a single business in 1919 and grew into a family of companies that joined in 1970 to form JSJ Corporation, currently supported by more than 2,000 employees in 27 locations. Starting with a joint venture foundry, JSJ has been in China since 1987. Today, JSJ in China is a regional headquarters for its Asia business. It is comprised of one equity joint venture, CCWC Master Formworks, and four wholly (foreign) owned companies. JSJ Corporation's workforce generates more than \$250 million in sales by delivering products and providing services to a wide range of customers in 24 different countries for world-known brands such as Ford Motor Company, GE Healthcare, Herman Miller, Honda, Medtronic, Proctor & Gamble and X-Rite.
