Supporting Education: Boomerang Event in Grand Haven

For the fourth year, GHSP participated in the Boomerang event at Grand Haven High School. Boomerang is a career exploration event designed to attract local students back to the area after pursuing higher education. This goal is achieved by showcasing local companies and the kinds of talent they hire. GHSP and other businesses in the Grand Haven Community were able to share and connect with the local students about their organizations and the various career paths that are available to students.

At this year's event about 600 students had the opportunity to talk with 30 organizations to learn about potential careers and the education required for those careers. GHSP had two teams meeting with students during the day and was happy to showcase their company to the students. To see coverage of the event in the Grand Haven Tribune, go to <http://bit.ly/ghspboom>. In the video you can skip ahead to minute 1:45 to see GHSP's comment on the event.

About GHSP
