GHSP Hart Receives 2010 Honda Delivery Award

(Hart, MI) GHSP is proud to announce that on June 23, Honda executive Phillip Woolley presented the Excellence in Delivery Award for 2010 to the Hart, MI facility. This award is only given to those suppliers who achieve near perfect delivery performance in a given year. The Hart plant delivered more than 800,000 shifters to Honda of America in 2010.

Honda looks at the following criteria in determining the winners:

- 1) On Time delivery to docks
- 2) Delivery incidents
- 3) Trouble reports issued for delivery issues, (or lack thereof in GHSP's case)

This is great news for GHSP as they strive very hard to provide this service to Honda of America as well as all their customers.
